ABOUT ME

Hey, 🙋

I am a self learner of coding. At 2020 I have started to learn Python 🐍 in a free course, when I have realized that this subject is interesting to me, I decided to start to learn Web Development. Today I am working on a social media app, wich its features are aspired by

Instagram app. The app is built by MERN - MongoDB 🍃, Express , React  and Node.js.
